How to Read the Vermilion Navigator Report

1. **Pages 1-2 Best/Worst Groups.** The strongest groups (U2 or U3, AR or AF, RSR=1-5) and weakest groups (D2 or D3, BR or BF, RSR=26-30) are identified. Historically the best returns come from portfolio concentration in the strongest groups.
2. **Pages 3-4 list popular Market Indexes plus our 12 economic sectors with our technical indicators:**
 - a. **The Relative Strength Ranking System (RSR)** is read right to left back across the page: RSR is a number from 1-30 with 1 being the strongest and 30 being the weakest. Numbers 1-10 are outperformers; whereas 21-30 are underperformers. Digits 11-20 denote neutral performers. The actual number is less important than the *trend* in numbers.
 - b. **Triple Cycle:** a triple crossover indicator using 4- 13- and 26-week moving averages and their position relative to each other, which classifies sectors/groups/ stocks in various maturities of uptrends (U1, U2 , U3) and downtrends (D1, D2, D3). Historically the best performance is found in the more mature uptrends (U2 and U3), while the worst performance hails from the more mature downtrend categories (D2 and D3).
 - c. **Dual Crossover Indicators with the 50-day MA and 200-day MAs.** Historically the best performance is found in the AF or AR categories. There are 4 possible scenarios:
 - i. **AF:** Price is *Above* a *Falling* 50-day or 200-day moving average
 - ii. **AR:** Price is *Above* a *Rising* 50-day or 200-day moving average
 - iii. **BR:** Price is *Below* a *Rising* 50-day or 200-day moving average
 - iv. **BF:** Price is *Below* a *Falling* 50-day or 200-day moving average.
 - d. **MACD: Moving Average Convergence/Divergence.** This is a popular technical tool and is both a market-timing tool and an oscillator. The indicator is based on 2 exponential moving averages: a) the difference between an 8- and 15-week exponential moving average and then an 11-week moving average of that line. When the two moving averages cross a buy or sell signal is generated, which is indicated by a “+” or “-”.
3. **Pages 5-14** list our 12 economic sectors and component industry groups with technical indicators as listed above.
4. **Pages 15-24** list our industry groups sorted best to worst via the RSR ranking (1-30) and trend.
5. **Pages 25-150 (page numbers vary per market conditions):** This complete **Navigator and RSR section** lists technical indicators and relevant market statistics for all **Sectors, Groups, and their respective stocks. Commodities** are classified into broad categories and included at the end of this section
7. **Indicator Summary** (the next-to-last section) contains single-page overviews for each of three indicators: new highs/lows, triple cycles, and historical dual crossovers, all of which are helpful in assessing the health/breadth of the market.
8. **Sector Technical Summary** is the final section, presenting 5 indicators for Groups and Stocks within each Sector (Triple Cycles, Dual Crossovers (50/200-day MA), MACD, and Relative Strength Ranking (RSR)).

Vermilion Navigator Sector Definitions

CD - Consumer Discretionary

This sector includes retail stores, auto manufacturers, residential construction and development, lodging facilities, restaurants and entertainment companies. Companies in this sector include Ford Motor Company, Best Buy and McDonald's.

CO - Communications

This sector includes companies providing communication, media and internet services including AT&T, Verizon and Google.

CS - Consumer Staples

Companies engaged in the manufacturing of food, beverages, household and personal products, or tobacco. Companies in this sector include Philip Morris International Inc., Procter & Gamble Company and General Mills.

EN - Energy

Companies engaged in oil or coal production or offering related services, including BP, ExxonMobil and Halliburton.

FN - Financials

Companies that provide financial services including banks, S&Ls, asset managers, credit services, investment brokerage firms, insurance companies and REITS. Companies in this sector include Allianz, Citigroup, and Eaton Vance.

HC - Health Care

This sector includes biotechnology, pharmaceuticals, research services, home healthcare, hospitals, long-term care facilities, and medical equipment and supplies. Companies in this sector include Astra Zeneca, Pfizer and Humana.

MA - Materials

Companies that manufacture chemicals and building materials in addition to companies engaged in commodities exploration and processing and precious metals mining. Companies in this sector include Monsanto, Weyerhaeuser, and Rio Tinto.

MF - Manufacturing

Companies that manufacture machinery, tools, trucks and components, and industrial products. This sector also includes aerospace and defense firms. Companies in this sector include 3M Company, Boeing and Siemens AG.

SV - Services

Companies engaged in IT consulting, education, construction services and engineering, including Accenture and Ecolab.

TE - Technology

Companies engaged in the design, development, and support of computer software, or companies that manufacture computer or networking equipment, semiconductors, and components. Companies in this sector include Apple, Microsoft and Cisco.

TR - Transportation

Companies engaged in transportation, shipping and logistics. Examples include Delta Airlines, JB Hunt, FedEx and Hertz.

UT - Utilities

Electric, gas, and water utilities. Companies in this sector include Duke Energy, Exelon Corporation and PG&E Corporation.
